Series
EXECUTIVE

SANDBLASTED MESH BASE Brackets system

1. **High accuracy:** SANDBLASTED brackets are made use of MIM technology to ensure high accuracy.
2. **Ultra-Slim profile design:** The thickness of SANDBLASTED brackets is largely minimized and avoids early contact of occlusion.
3. **Best adhesion:** 80 mesh latest technology to achieve the best adhesive strength of the brackets.
4. **Easy to positioning:** Center positioning line facilitates the placement of brackets on the teeth and improves the clinical efficiency.
5. **Comfortable feeling:** All edges and tie-wings are designed with comfortable arc-shaped and smooth schemes, which make high comfort of patients.

ADVANTAGES:

- High accuracy
- Ultra-Slim profile design
- Best adhesion
- Easy to positioning
- Comfortable feeling

Specification
